

What have we been doing towards Investors in Pupils?

Individual target setting

Children throughout school have been setting individual targets with their class teacher and working hard to achieve them! We review our targets each half term to decide on how much progress we have made towards them! At the end of the term, we receive a certificate to take home.

Class targets

Each class has been working very hard to achieve their whole class target and earn their reward. This has helped us understand what to do in class and take responsibility for our learning, behaviour and progress.

Class Mission Statement

The classes produced mission statements (class rules) summarising the class ethos and covering the 5 elements of Investors in Pupils. They are displayed in classrooms on the Investors in Pupils displays. Everyone signed and agreed to work as a team to follow these.

Improving our attendance

To encourage everyone to make sure they attend school, we have some new attendance rewards. Each child who attends school for 98% of the time in a week earns a golden raffle ticket and is entered into a prize draw for a £5 voucher. A winner will be pulled out at the end of this half-term! Also, each class has the opportunity to win the highest attendance of the week trophy or a runners-up trophy. Classes from Years 1 to 6 have their attendance monitored weekly and shared in mentions assembly. Classes earn a:

- Golden apple for 100% attendance
- Red apple for 99%
- Green leaf for 97-98%
- Orange leaf for 96%

Classes can then proudly display their attendance achievements on their class branch on our attendance tree.

New School Council members

Upper Foundation Stage, Year 1 and Year 2 have now joined our School Council team. They have been able to make important changes to the dining hall by improving our school lunch menus. They have been involved in fundraising for local and national charities e.g. Laila Milly Foundation and Sports Relief. In addition, they have worked alongside older School Council members to produce a child-friendly safeguarding policy to keep everyone safe in school.

What have we been doing towards Investors in Pupils?

Top Team

Children in Year 5 and 6 now have the opportunity to become a member of the Top Team. The Top Team help children and adults in school through volunteering for different roles and responsibilities such as play leaders, library assistants, ICT assistants and Foundation Stage support. The skills the children develop are helping them to become ready for the next step of their education!

School Budget

Recently, classes have been carrying out some work to find out more about our school budget. Children attended an assembly ran by Miss Fidler and discovered that the school receives £1 million pounds from the government each year! Following this, children learnt more about the school budget in their classes. They learnt that the budget is spent on resources, teachers' wages and buildings and utilities e.g. heating, gas and water. Each class then shared the work they had produced in a sharing assembly.

Junior Leadership Team

We now have a new Junior Leadership Team in school. These children support Mr Johnson to improve lessons. Recently, they have been working on ways to make maths lesson more challenging. They presented the work they have carried out so far to our governing body.
